

2026 Hoshi University
Graduate School of Pharmaceutical Sciences
Division of Systematic Pharmaceutical and Life Sciences
Selection for Foreign Residents
(Entrance Examination for Spring Semester)

Admission Policy

Division of Systematic Pharmaceutical and Life Sciences (Master Course and Doctor Course) is established based on the department of Drug Discovery Science Course in Hoshi University. One of the targets to be achieved of this division is to increase students' high level research ability and knowledge in specialized fields about drug creation and proper use of medicine. Another target is to train creative researchers and innovative technologists in the field of life science or drug discovery.

In this division with such targets, we are looking for a person who has basic academic ability, intellectual curiosity, and can work actively in the international field.
